

ADVANCED SCHOOL IN MICROBIOLOGY AND HOST MICROBE INTERACTION

March 6th 2023

Herpes viruses in the brain: pathogenic mechanisms and challenges for future research

Chair: Prof. Roberta Rizzo, Università degli Studi di Ferrara

16:05 - 16:30: Introduction

Dr Giovanna De Chiara, IFT-CNR Roma

16:30 - 16:45 Role of Herpesvirus proteins in the control of host immune response.

Dr Daria Bortolotti, Università degli Studi di Ferrara

16:45 – 17:00 Targeting citrullination as a new anti-herpetic strategy

Dr Selina Pasquero, Università degli Studi di Torino

17:00 - 18:00 Discussion – Q&A
